

EXECUTIVE TECHNOLOGY MENTORSHIP & PROFESSIONAL DEVELOPMENT PROGRAM (ETMPDP CORE)

...Transforming Potential into Professional Excellence

PROGRAM OVERVIEW

The Executive Technology Mentorship & Professional Development Program (ETMPDP Core) is a premium twelve-month (12) professional development and executive mentorship experience designed to equip aspiring and emerging technology professionals with practical technical competence, professional discipline, leadership capacity, business awareness, AI readiness, and career direction.

The Program combines structured learning, multidisciplinary technology exposure, practical experience, executive mentorship, leadership development, and continuous professional growth to prepare participants for long-term success in the technology industry and beyond.

PROGRAM DURATION

Twelve (12) Months

PROGRAM INVESTMENT

Total Program Investment: ₦375,000

Investment Structure:

- Initial Enrollment: **₦300,000 (80%)** — payable upon enrollment and before commencement.
- Continuation Balance: **₦75,000 (20%)** — payable at completion of the initial assessment period.

All payments made under the Program are strictly non-refundable.

The ₦375,000 Program investment is the same for Onsite, Hybrid, and Remote participation. Residential accommodation, where required, is optional and separately priced.

ADMISSION PROCESS

Stage 1: Application

Applicants shall submit:

- Formal Application Letter
- Curriculum Vitae (CV)
- Valid Means of Identification
- Academic Credentials or relevant educational/professional records
- Two Passport Photographs

Stage 2: Interview & Assessment

Applicants shall undergo:

- Personal Interview
- Character Assessment

... Experience Innovative Solutions

- Aptitude Evaluation
- Career Interest & Professional Development Assessment

Selection is based on character, commitment, attitude, potential, and suitability for the Program.

Stage 3: Initial Assessment Period

Successful applicants shall undergo an initial assessment period during which Elonatech will assess:

- Discipline
- Professional Conduct
- Commitment

The initial assessment period is part of the Program's structured entry process. Elonatech reserves the right to discontinue participation where a candidate is found unsuitable for continued participation.

Stage 4: Program Continuation

Participants who successfully satisfy the requirements of the initial assessment period shall continue into the full twelve-month ETMPDP Core experience.

TECHNOLOGY & PROFESSIONAL DEVELOPMENT TRACKS

ETMPDP Core provides multidisciplinary exposure across eight professional technology tracks. Participants are introduced to the broader technology ecosystem while developing deeper competence through practical assignments, demonstrated ability, individual interests, project work, and professional development objectives.

1. Software Engineering

- Programming Fundamentals
- Web Development
- Software Development Concepts
- Frontend & Backend Development
- Database Fundamentals
- Version Control & Development Workflows
- Software Testing & Debugging
- AI-Assisted Software Development

2. Graphics, Motion Graphics & Brand Design

- Graphic Design Principles
- Brand Identity Design
- Social Media & Digital Content Design
- Motion Graphics Fundamentals
- Video Editing & Multimedia Content Creation
- Visual Communication
- AI-Assisted Creative Workflows

3. Digital Marketing & Content Strategy

... Experience Innovative Solutions

- Social Media Marketing
- Content Marketing & Strategy
- Email Marketing
- Search Engine Optimization (SEO)
- Audience Engagement
- Digital Campaign Planning
- Content Calendars & Performance Awareness
- AI-Assisted Marketing & Content Workflows

4. IT Support, Networking & Infrastructure

- Computer Hardware & Technical Support
- Networking Fundamentals
- LAN/WAN Infrastructure
- Network Configuration & Troubleshooting
- Structured Cabling
- Systems Administration Concepts
- Server & Infrastructure Concepts
- Network Security Fundamentals
- AI-Assisted Troubleshooting

5. Computer Engineering

- Computer Systems & Architecture
- Hardware Components & Diagnostics
- Computer Assembly & Maintenance
- Operating Systems & System Configuration
- Hardware/Software Integration
- Embedded Systems Concepts
- Technical Troubleshooting
- Practical Computer Engineering Projects

6. Virtual Assistance & Digital Operations

- Administrative & Executive Support
- Digital Workplace Tools
- Calendar, Email & Task Management
- Online Research & Documentation
- Customer & Client Support
- Data Entry & Information Management
- Workflow Coordination & Digital Operations
- AI-Assisted Productivity & Automation

7. Data Analytics & Business Intelligence

- Data Fundamentals
- Data Collection & Preparation
- Spreadsheet-Based Analysis
- Data Visualization
- Business Reporting & Insights
- Dashboards & Performance Metrics

... Experience Innovative Solutions

- Business Intelligence Concepts
- AI-Assisted Data Analysis

8. Cybersecurity & Information Security

- Cybersecurity Foundations
- Information Security Principles
- Network & Infrastructure Security
- Systems, Identity & Access Security
- Threats, Vulnerabilities & Security Awareness
- Security Monitoring & Incident Response Concepts
- Security Assessment & Risk Awareness
- Practical Security Exercises

PROFESSIONAL EXCELLENCE & LEADERSHIP DEVELOPMENT

- Business Communication
- Professional Etiquette & Workplace Conduct
- Time Management
- Critical Thinking
- Accountability & Ownership
- Problem Solving
- Team Collaboration
- Leadership Development
- Emotional Intelligence
- Responsible AI Use in the Workplace

EXECUTIVE MENTORSHIP & BUSINESS AWARENESS

- Executive Mentorship
- Career Planning & Professional Direction
- Professional Networking
- Business Operations Awareness
- Customer Service Excellence
- Technology & Business Relationship
- Entrepreneurship & Value Creation
- Executive Presence & Strategic Thinking

THE ETMPDP LEARNING MODEL

Observe → Understand → Practice → Review → Own → Improve

ETMPDP Core is designed to move participants beyond simply acquiring knowledge. The learning experience emphasizes observation, understanding, practical application, review, ownership, and continuous improvement.

AI-INTEGRATED LEARNING

Artificial Intelligence is integrated into the ETMPDP learning experience as a productivity, research, problem-solving, development, creative, analytical, and professional support tool.

Participants remain responsible for the accuracy, originality, quality, judgment, and integrity of their work.

... Experience Innovative Solutions

PRACTICAL EXPERIENCE & PROFESSIONAL DEVELOPMENT

Participants engage in guided practical exercises, assignments, supervised project work, team collaboration, technical reviews, executive mentorship, leadership development sessions, research and presentations, and continuous performance feedback.

The objective is to move participants beyond knowledge acquisition into practical application, professional confidence, workplace readiness, and the ability to create meaningful value.

DELIVERY OPTIONS

ETMPDP Core is available through:

- Onsite
- Remote
- Hybrid

The Program investment remains **₦375,000 across all three learning formats**. Delivery suitability may vary by specialization and practical requirements.

RESIDENTIAL EXPERIENCE

An optional ETMPDP Residential Experience may be available for participants who require accommodation while participating onsite.

Residential accommodation is separate from the Program investment, subject to availability, and priced independently.

CONFIDENTIALITY & INFORMATION PROTECTION

Participants shall execute a Non-Disclosure Agreement (NDA) before commencement.

Participation in the Program does not grant unrestricted access to confidential business information, proprietary methodologies, trade secrets, client-sensitive information, pricing models, financial records, administrative credentials, hosting environments, domain management platforms, or other restricted corporate assets of Elonatedh Nigeria Limited.

Elonatedh reserves the sole discretion to determine the scope of information exposure provided during the Program.

GUARANTOR REQUIREMENT

Each participant shall provide one responsible guarantor who may be contacted regarding matters of accountability, conduct, or Program obligations.

PROGRAM DELIVERABLES

Participants who successfully complete the Program shall receive, where applicable:

- Executive Technology Mentorship Certificate
- Professional Development Evaluation Report
- Career Guidance & Professional Recommendation
- Professional Portfolio Development Guidance
- Practical Industry Exposure

... Experience Innovative Solutions

- Mentorship & Leadership Development Recognition
- Employment Consideration (Where Applicable)

PROGRAM CONDITIONS

- Participation in the Program does not constitute employment.
- Completion of the Program does not guarantee employment.
- Participants must maintain a minimum attendance rate of 80%.
- Participants who voluntarily withdraw or discontinue participation shall not be entitled to any refund.
- Admission is selective and limited to a small number of participants per cohort.
- Elonatech reserves the right to suspend or terminate participation for misconduct, poor performance, breach of confidentiality, or violation of Program policies.
- Any work, designs, content, documentation, software, or intellectual property developed in connection with the Program shall remain the property of Elonatech Nigeria Limited unless otherwise agreed in writing.
- Certification shall be awarded only to participants who successfully complete the Program requirements and demonstrate acceptable professional conduct.

PROGRAM VISION

To develop disciplined, competent, ethical, and future-ready technology professionals equipped with technical knowledge, leadership mindset, professional maturity, business awareness, and the capacity to create meaningful impact within the technology industry and beyond.
