EXECUTIVE TECHNOLOGY MENTORSHIP & PROFESSIONAL DEVELOPMENT PROGRAM (ETMPDP)

ETMPDP IGNITE

For Undergraduate Technology Students

Ideal for SIWES, Industrial Training, Internship & Career Development

Enter the Industry. Build Your Edge.

PROGRAM OVERVIEW

The Executive Technology Mentorship & Professional Development Program (ETMPDP) Ignite is a premium industry-based professional development experience designed for undergraduate technology students seeking practical industry experience, career development, and workplace readiness.

Whether participating through the Students Industrial Work Experience Scheme (SIWES), Industrial Training (IT), internship, or personal professional development, ETMPDP Ignite provides a structured experience that combines practical technical training, executive mentorship, leadership development, workplace professionalism, and supervised exposure to real-world technology projects.

Unlike conventional industrial placements where students may spend much of their attachment observing routine office activities, ETMPDP Ignite is built around guided learning, hands-on practical experience, continuous mentorship, professional development, and meaningful exposure to the realities of today's technology industry.

PROGRAM DURATION

Participants may enroll under any of the following Professional Development Experiences, subject to institutional requirements where applicable.

Ignite Foundation

Duration: Three (3) Months

Ideal for students undertaking the standard SIWES or Industrial Training period.

Ignite Professional

Duration: Four (4) Months

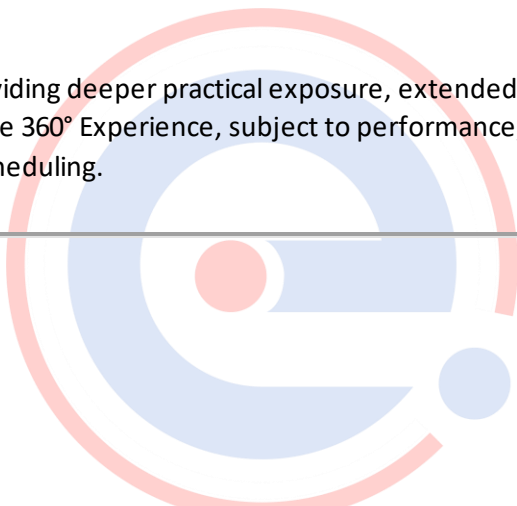

Provides extended practical exposure, additional mentoring, and increased project participation.

Ignite Executive

Duration: Six (6) Months

Our most comprehensive Professional Development Experience, providing deeper practical exposure, extended mentorship, increased project participation, and eligibility for the Ignite 360° Experience, subject to performance, mentor recommendation, operational requirements, and Program scheduling.

... Experience Innovative Solutions

Participants enrolled in the **Ignite Executive (6-Month) Experience** may qualify for the **Ignite 360° Experience**, providing structured cross-disciplinary exposure to complementary technology fields based on performance, mentor recommendation, operational requirements, and Program scheduling.

PROGRAM INVESTMENT

Experience	Duration	Investment
Ignite Foundation	3 Months	₦120,000
Ignite Professional	4 Months	₦160,000
Ignite Executive	6 Months	₦240,000

Investment Structure

Ignite Foundation: ₦80,000 on admission + ₦40,000 within 30 days.

Ignite Professional: ₦120,000 on admission + ₦40,000 before the end of Month 1.

Ignite Executive: ₦160,000 on admission + ₦80,000 before the end of Month 1.

All payments made under the Program are strictly non-refundable.

ADMISSION PROCESS

Stage 1: Application

Applicants shall submit:

- Completed ETMPDP Ignite Application Form
- Curriculum Vitae (CV)
- Valid Means of Identification
- Evidence of Studentship
- One Recent Passport Photograph

Where applicable, applicants shall also provide:

- SIWES or Industrial Training Introduction Letter from their Institution
- Any additional institutional documentation required for Industrial Training or Internship

Stage 2: Interview & Assessment

Applicants may undergo:

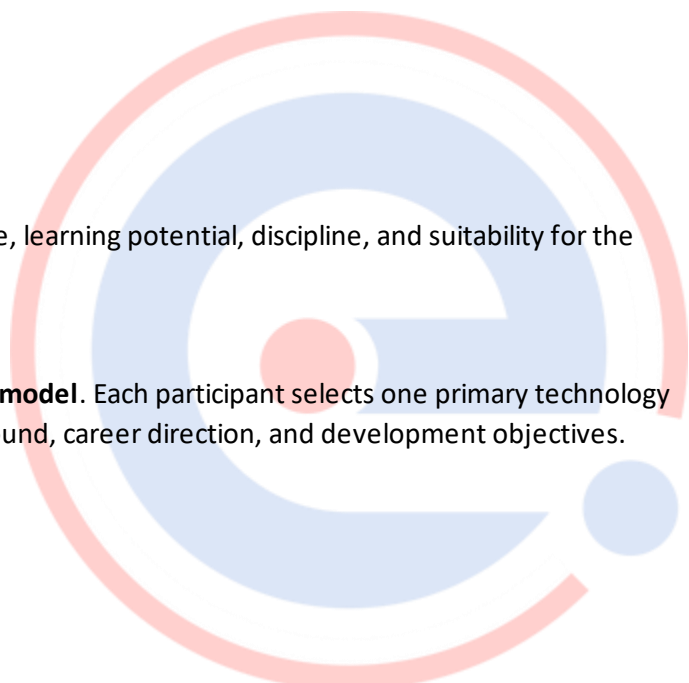

- Personal Interview
- Character Assessment
- Career Interest Assessment
- Commitment & Readiness Evaluation

Selection shall be based on character, commitment, attitude, learning potential, discipline, and suitability for the Program.

SPECIALIZATION TRACKS

ETMPDP Ignite is designed around a **primary specialization model**. Each participant selects one primary technology specialization aligned with their interests, academic background, career direction, and development objectives.

... Experience Innovative Solutions

Participants develop practical depth within their selected specialization while gaining professional exposure to the broader technology ecosystem.

1. Software Engineering

- Web Design & Development
- Frontend Development
- Backend Development
- Database Fundamentals
- APIs & Integrations
- Software Development Workflows
- Testing & Debugging
- AI-Assisted Software Development

2. Graphics, Motion Graphics & Brand Design

- Graphic Design
- Motion Graphics
- Video Editing
- Brand Identity Development
- Creative Content Production
- Visual Communication
- AI-Assisted Creative Workflow

3. Digital Marketing & Content Strategy

- Social Media Marketing
- Search Engine Optimization (SEO)
- Content Marketing
- Email Marketing
- Digital Campaign Planning
- Marketing Analytics
- Audience Engagement
- AI-Assisted Digital Marketing

4. IT Support, Networking & Infrastructure

- Computer Hardware
- Networking
- Technical Support
- Systems Administration
- Structured Cabling
- Network Troubleshooting
- Infrastructure Support
- AI-Assisted Troubleshooting

5. Computer Engineering

- Computer Systems
- Hardware Assembly
- Preventive Maintenance
- System Diagnostics
- Peripheral Integration
- Hardware & Software Integration

... Experience Innovative Solutions

- Technical Troubleshooting
- AI-Assisted Engineering Workflow

6. Virtual Assistance & Digital Operations

- Administrative & Executive Support
- Digital Workplace Tools
- Calendar, Email & Task Management
- Online Research & Documentation
- Customer & Client Support
- Data Entry & Information Management
- Workflow Coordination
- AI-Assisted Productivity & Automation

7. Data Analytics & Business Intelligence

- Data Fundamentals
- Data Collection & Preparation
- Spreadsheet-Based Analysis
- Data Visualization
- Business Reporting & Insights
- Dashboards & Performance Metrics
- Business Intelligence Concepts
- AI-Assisted Data Analysis

8. Cybersecurity & Information Security

- Cybersecurity Foundations
- Information Security Principles
- Network & Infrastructure Security
- Systems, Identity & Access Security
- Threats & Vulnerability Awareness
- Security Monitoring Concepts
- Incident Response Concepts
- Practical Security Exercises

PROFESSIONAL DEVELOPMENT

In addition to technical learning, ETMPDP Ignite is designed to develop complete professionals through structured sessions covering:

- Business Communication
- Professional Etiquette
- Workplace Ethics
- Time Management
- Critical Thinking
- Accountability
- Problem Solving
- Team Collaboration
- Leadership Development
- Career Development
- Emotional Intelligence
- Responsible AI in the Workplace

... Experience Innovative Solutions

LEARNING EXPERIENCE

ETMPDP Ignite combines structured learning with practical industry exposure through:

- Instructor-Led Learning
- Guided Practical Exercises
- Hands-On Technical Tasks
- Weekly Executive Mentorship Classes
- Weekly Leadership Development Sessions
- Weekly Technical Review Meetings
- Team Collaboration
- Continuous Performance Coaching
- Supervised Exposure to Selected Real-World Projects
- Continuous Feedback & Evaluation

Participants may receive supervised exposure to selected live projects based on demonstrated competence, project availability, confidentiality requirements, and Management approval.

IGNITE 360° EXPERIENCE

Your Specialization Gives You Depth. Ignite 360° Gives You Perspective.

One of the distinguishing features of ETMPDP Ignite is the **Ignite 360° Experience**, a structured cross-disciplinary exposure designed to broaden participants' understanding of the interconnected nature of today's technology industry.

Every participant is admitted into a **primary specialization**. Where appropriate, participants may also be provided opportunities to observe, collaborate, or undertake selected learning activities across complementary technology tracks.

Participants enrolled in the **Ignite Executive (6-Month) Experience** may, subject to satisfactory performance, mentor recommendation, operational requirements, and Program scheduling, participate in structured cross-track rotations designed to provide additional exposure to complementary technology disciplines.

The Ignite 360° Experience enhances participants' industry perspective and professional versatility while preserving the depth and learning outcomes of their primary specialization.

SIWES & INSTITUTIONAL DOCUMENTATION SUPPORT

Where a participant is undertaking SIWES, Industrial Training, Internship, or any institutionally approved work-integrated learning Program, Elonatech Nigeria Limited shall, where applicable, serve as the official host organization and complete, endorse, and sign the required institutional documentation.

This may include SIWES logbooks, employer evaluation forms, industrial training assessment forms, and other relevant documents in accordance with the requirements of the participant's institution.

Participants are responsible for submitting all institutional documents to Elonatech promptly and in the required format.

AI-INTEGRATED LEARNING

Artificial Intelligence is integrated throughout the ETMPDP Ignite learning experience as a productivity, research, problem-solving, development, creative, analytical, and professional support tool.

... Experience Innovative Solutions

Participants are encouraged to use AI responsibly while maintaining originality, critical thinking, professional judgment, accuracy, and integrity in their work.

DELIVERY OPTIONS

ETMPDP Ignite is available through:

- **Onsite**
- **Remote**
- **Hybrid**

The appropriate delivery format may depend on the participant's selected specialization, practical requirements, institutional requirements, and available learning arrangements.

PROGRAM DELIVERABLES

Participants who successfully complete the Program shall receive, where applicable:

- ETMPDP Ignite Executive Technology Mentorship Certificate
- Professional Development Evaluation Report
- Career Guidance & Professional Recommendation
- Professional Portfolio Development Guidance
- Practical Industry Exposure
- Leadership Development Recognition
- Official endorsement and completion of eligible SIWES, Industrial Training, Internship, or other approved institutional documentation
- Employment Consideration (Where Applicable)

PROGRAM CONDITIONS

- Participation in the Professional Development Experience does not constitute employment.
- Completion of the Professional Development Experience does not guarantee employment.
- Participants are required to provide and maintain their own laptops that meet the minimum technical requirements for their chosen specialization.
- Participants shall execute a Non-Disclosure Agreement (NDA) before commencement.
- Participants must maintain a minimum attendance rate of eighty percent (80%).
- Admission is selective and limited to a small number of participants per specialization per cohort to ensure personalized mentorship and quality learning.
- Elonatech reserves the right to suspend or terminate participation for misconduct, poor performance, breach of confidentiality, or violation of Program policies.
- Any software, websites, graphics, videos, documentation, designs, source code, creative works, or other intellectual property developed by participants during the Program in connection with Elonatech's operations or assigned projects shall remain the property of Elonatech Nigeria Limited unless otherwise agreed in writing.

WHY CHOOSE ETMPDP IGNITE?

Unlike conventional industrial training placements, ETMPDP Ignite provides:

... Experience Innovative Solutions

- ✓ **Structured Executive Mentorship**
- ✓ **Weekly Leadership Development Sessions**
- ✓ **Practical Hands-On Technical Experience**
- ✓ **AI-Integrated Learning Across All Specializations**
- ✓ **Small Cohort Learning**
- ✓ **Primary Specialization with Industry-Focused Practical Exposure**
- ✓ **Ignite 360° Cross-Track Industry Exposure for Eligible 6-Month Participants**
- ✓ **Supervised Exposure to Real Industry Projects**
- ✓ **Continuous Performance Evaluation & Feedback**
- ✓ **Career Development Guidance**
- ✓ **Professional Workplace Experience**
- ✓ **SIWES & Institutional Documentation Support Where Applicable**

RESIDENTIAL EXPERIENCE

An optional **ETMPDP Residential Experience** may be available for participants who require accommodation while participating onsite.

Residential accommodation is separate from the Program investment, subject to availability, and priced independently.

PROGRAM VISION

To develop disciplined, competent, ethical, and future-ready undergraduate technology professionals equipped with practical technical skills, leadership capacity, workplace discipline, professional maturity, and the confidence to create meaningful impact within the technology industry and beyond.
