EXECUTIVE TECHNOLOGY MENTORSHIP & PROFESSIONAL DEVELOPMENT PROGRAM (ETMPDP)

ETMPDP IGNITE

For Undergraduate Technology Students

Ideal for SIWES, Industrial Training, Internship & Career Development

...Transforming Potential into Professional Excellence

PROGRAM OVERVIEW

The **Executive Technology Mentorship & Professional Development Program (ETMPDP) Ignite** is a premium industry-based professional development experience, mentorship, and professional development initiative designed for undergraduate technology students seeking practical industry experience, career development, and workplace readiness.

Whether participating through the Students Industrial Work Experience Scheme (SIWES), Industrial Training (IT), internship, or personal professional development, ETMPDP Ignite provides a structured learning experience that combines practical technical training, executive mentorship, leadership development, workplace professionalism, and supervised exposure to real-world technology projects.

Unlike conventional industrial placements where students spend much of their attachment observing routine office activities, ETMPDP Ignite is built around guided learning, hands-on practical experience, continuous mentorship, and measurable professional development designed to prepare participants for successful careers within today's rapidly evolving technology ecosystem.

PROGRAM DURATION

Participants may enroll under any of the following Professional Development Tracks, subject to institutional requirements where applicable.

Ignite Foundation

Duration: Three (3) Months

Ideal for students undertaking the standard SIWES or Industrial Training period.

Ignite Professional

Duration: Four (4) Months

Provides extended practical exposure, additional mentoring, and increased project participation.

Ignite Executive

Duration: Six (6) Months

Our most comprehensive Professional Development Experience, including eligibility for the Ignite 360° Experience, subject to performance, mentor recommendation, operational requirements, and program scheduling.

... Experience Innovative Solutions

Participants enrolled in the **Ignite Executive (6 Month) Track** may qualify for the **Ignite 360° Experience**, providing structured cross-disciplinary exposure to complementary technology fields based on performance, mentor recommendation, operational requirements, and program scheduling.

PROGRAM INVESTMENT

Total Program Investment

Track	Duration	Investment
Ignite Foundation	3 Months	₦120,000
Ignite Professional	4 Months	₦160,000
Ignite Executive	6 Months	₦240,000

Investment Structure

- **Ignite Foundation:** ₦80,000 on admission + ₦40,000 within 30 days.
- **Ignite Professional:** ₦120,000 on admission + ₦40,000 before end of Month 1.
- **Ignite Executive:** ₦160,000 on admission + ₦80,000 before end of Month 1.

All payments made under the Program are strictly non-refundable.

ADMISSION PROCESS

Stage 1: Application

Applicants shall submit:

- Completed ETMPDP Ignite Application Form
- Curriculum Vitae (CV)
- Valid Means of Identification
- Evidence of Studentship
- One Recent Passport Photograph

Where applicable, applicants shall also provide:

- SIWES or Industrial Training Introduction Letter from their Institution.
- Any additional institutional documentation required for Industrial Training or Internship.

Stage 2: Interview & Assessment

Applicants may undergo:

- Personal Interview
- Character Assessment
- Career Interest Assessment
- Commitment & Readiness Evaluation

Selection shall be based on character, commitment, attitude, learning potential, discipline, and suitability for the Program.

SPECIALIZATION TRACKS

Software Engineering

... Experience Innovative Solutions

- Web Design & Development
- Frontend Development
- Backend Development
- Database Fundamentals
- APIs & Integrations
- AI-assisted Software Development

Graphics, Motion Graphics & Brand Design

- Graphic Design
- Motion Graphics
- Video Editing
- Brand Identity Development
- Creative Content Production
- AI-assisted Creative Workflow

Digital Marketing & Content Strategy

- Social Media Marketing
- Search Engine Optimization (SEO)
- Content Marketing

- System Diagnostics
- Peripheral Integration
- AI-assisted Engineering Workflow

PROFESSIONAL DEVELOPMENT

In addition to technical learning, ETMPDP Ignite is designed to develop complete professionals through structured sessions covering:

- Business Communication
- Professional Etiquette
- Workplace Ethics
- Time Management
- Critical Thinking

... Experience Innovative Solutions

- Accountability
- Problem Solving
- Team Collaboration
- Leadership Development
- Career Development
- Emotional Intelligence
- Responsible AI in the Workplace

LEARNING EXPERIENCE

ETMPDP Ignite combines structured learning with practical industry exposure through:

- Instructor-led learning
- Guided practical exercises
- Hands-on technical tasks
- Weekly Executive Mentorship Classes
- Weekly Leadership Development Sessions
- Weekly Technical Review Meetings
- Team Collaboration
- Continuous Performance Coaching
- Supervised Exposure to Selected Real-World Projects
- Continuous Feedback and Evaluation

Participants may receive supervised exposure to selected live projects based on demonstrated competence, project availability, confidentiality requirements, and Management approval.

IGNITE 360° EXPERIENCE

One of the distinguishing features of ETMPDP Ignite is the **Ignite 360° Experience**, a structured cross-disciplinary exposure designed to broaden participants' understanding of the interconnected nature of today's technology industry.

While every participant is admitted into a primary specialization, opportunities may be provided to observe, collaborate with, or undertake selected learning activities across complementary specialization tracks where appropriate.

Participants enrolled in the **Ignite Executive (6 Month) Track** may, subject to satisfactory performance, mentor recommendation, operational requirements, and program scheduling, participate in structured cross-track rotations designed to provide additional exposure to complementary technology disciplines.

The Ignite 360° Experience enhances participants' industry perspective and professional versatility while preserving the depth and learning outcomes of their primary specialization.

SIWES & INSTITUTIONAL DOCUMENTATION SUPPORT

Where a participant is undertaking SIWES, Industrial Training, Internship, or any institutionally approved work-integrated learning program, Elonatech Nigeria Limited shall, where applicable, serve as the official host organization and complete, endorse, and sign the required institutional documentation, including SIWES logbooks, employer evaluation forms, industrial training assessment forms, and other relevant documents in accordance with the requirements of the participant's institution.

Participants are responsible for submitting all institutional documents to Elonatech promptly and in the required format.

... Experience Innovative Solutions

PROGRAM DELIVERABLES

Participants who successfully complete the Program shall receive:

- ETMPDP Ignite Executive Technology Mentorship Certificate
 - Professional Development Evaluation Report
 - Career Guidance & Professional Recommendation
 - Professional Portfolio Development Guidance
 - Practical Industry Exposure
 - Leadership Development Recognition
 - Official endorsement and completion of eligible SIWES, Industrial Training, Internship, or other approved institutional documentation (where applicable)
